Burt Matson Dies While At Funeral Of Relative

Burt A. Matson, 59 year old retired business man of New Lenox died suddenly Saturday, June 11, at Ely, Minnesota, of an apparent heart attack.

Mr. Matson was in Ely attending the funeral of a brother-in-law when he was stricken.

Born in Pecatonica in 1901, he moved to New Lenox in 1938 where he operated a disposal business for 21 years; having sold it to the F. B. Steepy Co. of Joliet, in 1959, due to ill health.

Surviving are his widow, June nee Allison; two daughters, Mrs. Nelson (Donna) Simon of Miami Fla., and Mrs. Milton (Ruth) Pickney of Park Forest; three sons Harold of Joliet, Russell of Aur-

ora and Roger of New Lenox; two brothers, Elmer by Byron and David of St. James, Minn.; three sisters, Mrs. Hazel Carlson of Mizpah, Minn., Mrs. Margaret Bergmann and Mrs. Mildred Scott of Ely, Minn., and 10 grandchildren.

A brief family service was held in Ely, Tuesday, June 14 at 11 a.m. and the remains were sent to the Baskerville Chapel, New Lenox, where funeral services will be held today (June 16) at 1:30 p.m. with the Rev. Glenn Dunbar, pastor of the Manhattan Methodist church officiating.

Interment was in Maplewood cemetery, New Lenox.

Arbury Hills Petitions For Rezoning; Wins O. K.

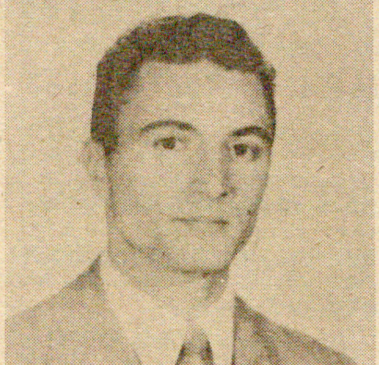

The Will county board of supervisors this week concurred in the recommendation of the county zoning board of appeals which gave Arbury Hills reclassification of a tract at LaPorte road and U.S. 45 to I-1 for use as a sewage disposal plant site.

The board also concurred in the zoning of three tracts as residential. Developers of Arbury Hills, the subdivision along Rt. 45 east of Mokena and north of Frankfort, said their plans call for erection of 2,500 homes.

The company had petitioned for classification of a piece at LaPorte rd and Rt. 45 to permit erection of a gasoline station there but withdrew the petition following objections from the Frankfort planning commission.

The developers also agreed, in writing, to run the effluent thru a tile line from the disposal plant to Hickory creek. The original plan called for loosing the matter from the disposal unit into a ditch that connects with the creek. There are periods when water does not run this ditch and the Frankfort planning commission objected to dumping the effluent into it. Such a condition could become a nuisance, the commission pointed out.

To forestall an objection of this nature before the county zoning board the Arbury Hills developers volunteered to put in a tile line to carry off the matter to the creek.

DONALD J. D'AMICO

Joins Staff

Donald J. D'Amico, superintendent of the Manhattan Public School for the past four years, has been added to the Lincoln-Way Community High School administrative staff. Mr. D'Amico will fill in for Mr. Earl Dieken, assistant principal of Lincoln-Way who has been granted a year's leave of absence. D'Amico will take up his duties at Lincoln-Way this summer.

D'Amico received his Bachelor's and Master's degree from Illinois State Normal University. He was principal of the Saybrook Grade School for four years prior to coming to Manhattan. He has served as a delegate to the state convention in 1953 and 1959 of the Illinois Education Association. He is a resident of Manhattan and the father of three sons.

D'Amico is currently president of the Lincoln-Way area Teachers Association and a member of the New Lenox Toastmasters club.

Court To Name Frankfort Fire Dist. Trustees

Approval of the establishment of a Frankfort fire protection at a special election held last Saturday, June 11, means that the Frankfort fire department formerly supported by subscriptions and donations will now be maintained thru taxes.

Voters of the district gave overwhelming support to the proposal. It carried 382 to 79.

In the village of Frankfort the proposition carried 162 to 18; in Lincoln Estates the vote was 159 for and 23 against; the returns from the Wetendorf school area were 25 for, 17 against and in Green Garden it was 36 for and 21 against.

A similar proposition was voted down before but this time the proponents were well organized. Members of the fire department made a house to house canvass in seeking support of the plan.

The district takes in the village of Frankfort, Lincoln Estates, and a large area of farm land and subdivided property, including a portion of Green Garden. U.S. 30 is roughly the dividing line also there is a strip of land to the north of the highway that is in the district. It does not infringe, however, on the territory now served by the Mokena volunteer fire department. The next move will be the ap-

pointment of three trustees by County Judge John C. Cowing, according to Attorney John Verklan, of Joliet, who has been handling the legal work in setting up the district.

It is expected the court will select the trustees from a list of names to be submitted by officers of the Frankfort fire department. The officers are Wendell Morrison, president; Walter Harnack, vice president; Norman Hossbach, secretary; Wilbert Klier, treasurer and Fred Kohlhaugen, chief.

It is possible the trustees will be named early next week. Trustees

are named for three years but since the appointments are staggered the trustees begin on such a basis when a district is formed. So after the trustees for the Frankfort district organize they will draw lots for one, two or three year terms. The terms will date, however, from May 1, 1961. Thereafter, when trustees are named the court will make the appointment by April 15, Attorney Verklan explained.

The trustees will prepare an appropriation ordinance and a tax levy and fix the date of the fiscal year. The levy must be on file with the county clerk by September. Trustees receive \$50 a year as

compensation for their services. If one of their number is named treasurer he can be paid up to \$250 a year for that service. If an outsider is named treasurer there is no limitation of his salary. Trustees appoint the treasurer.

Taxes levied this year will not be collected until next.

The top figure that may be levied in taxes is 10 cents per \$100 equalized assessed valuation, Attorney Verklan said. He added that most of the fire protection districts in the region did not levy the maximum but rather kept the figure around six cents.

Gets Pin For 20 Years Service With Government

Irwin P. Wolfinger, 120 West Maple Lane, New Lenox, has been awarded a certificate and pin for completion of 20 years of service with the federal government.

Mr. Wolfinger is civilian executive assistant for ammunition to the Chief of the National Field Service Operations Division at the Ordnance Ammunition Command, Joliet.

Col. Lyman F. Stangel, commanding officer of the Ordnance Ammunition command, presented length of service certificates and 10 and 20 year service pins to a group of 24 veteran employees.

In his remarks to the group he stressed the key role performed by long experienced workers in a complex and permanent defense organization.

Carl Barlow Dies In West

Carl Barlow, a former resident of the Frankfort area, died June 5 at Banning, Calif., following a short illness. He was 83 years old.

Born in Monee, March 7, 1887, Mr. Barlow had lived in this area until two years ago when he and his wife moved to California, just after they had celebrated their golden wedding anniversary.

Mr. Barlow and the former Ida Wilkins were married Feb. 6, 1907 and went to live on a farm in Green Garden township. He farmed all his working life and the

RECEIVES DEGREE - Miss Eleanor L. Hammond, daughter of Mr. and Mrs. James A. Hammond, 160 South Cooper street, New Lenox was awarded the degree of Bachelor of Science at the 101st Commencement program at Illinois Wesleyan university, Bloomington, Sunday, June 5.

The Good Shepherd Lutheran church of Frankfort will conduct a two week session of daily vacation bible school from June 13 to 24.

Leads of the various departments include: the Rev. Adolph Ullrich, dean; Mrs. Leslie Koenig, senior group; Mrs. Alfred Heyer, Junior; Mrs. Howard Bell, primary and Mrs. Milton Subbert, nursery.

A potluck supper will be served at the close of the session, Friday evening, June 24 and will be followed with a program by the children who attended bible school.

Revise Tax Rates In Two School Dists.

A revision in the tax rate for two school districts in Frankfort township was announced this week in the office of the county clerk.

The announcement was made because of a change in the school rates in District 56-C, which includes Lincoln-Estates, and the Summit Hill district, No. 161.

The revised school rate for 56-C is \$1.103 while the new rate for Dist. 161 is .707 cents.

Total tax rate for property lying within 56-C is \$3.016 per \$100 of equalized assessed valuation. It is broken down as follows:

County	-----1.82
Forest Preserve	-----0.05
Town tax	-----0.55
Poor relief	-----0.20
Road & Bridge	-----2.08
Hi. Sch. #210	-----1.443
Sch. Dist. 56-C	-----1.103
Total	-----3.016

The total rate for property in Dist. 161 is \$2.639 per \$100 equalized valuation.

O. K. School Tax Increase

An increase of 21 cents in the educational tax rate for the Marley school district, No. 125, was approved by the voters there is a special election last Saturday.

Only rates were cast and the proposal to lift the rate from \$1.03 to \$1.24 per \$100 of equalized assessed valuation carried by two -- nine to seven.

A similar increase was voted last April 9. Under school law such increases progress by steps.

Marley district is building a new school. The old building closed on Tuesday of last week, June 7, and is not to reopen in the fall.

The new school has two rooms but is so designed that it can be enlarged as the need arises. In the meantime the directors will have to hire two teachers for next year and the income was not sufficient. That is why the directors have been asking the people to approve increases in the educational tax fund rate.

The district is growing in population as a result of subdivisions opening up in the area.

Last Rites At Frankfort For Christine Eichenberg

Mrs. Christine Eichenberg, nee Stellwagen, 87, a lifelong resident of Frankfort died in Silver Cross hospital, Thursday, June 9. She had been in ill health for several years.

Born in Frankfort on Sauk Trail, Aug. 30, 1872 she was united in marriage to Reinhold Eichenberg, Aug. 30, 1897. They had lived in Chicago for six years when Mr. Eichenberg died, March 10, 1903; she then moved to Frankfort and made her home with the late Mr. and Mrs. Albert H. Krusemark Sr., and had resided in their home on Center street until two years ago when she entered the Lincoln Nursing home, Joliet.

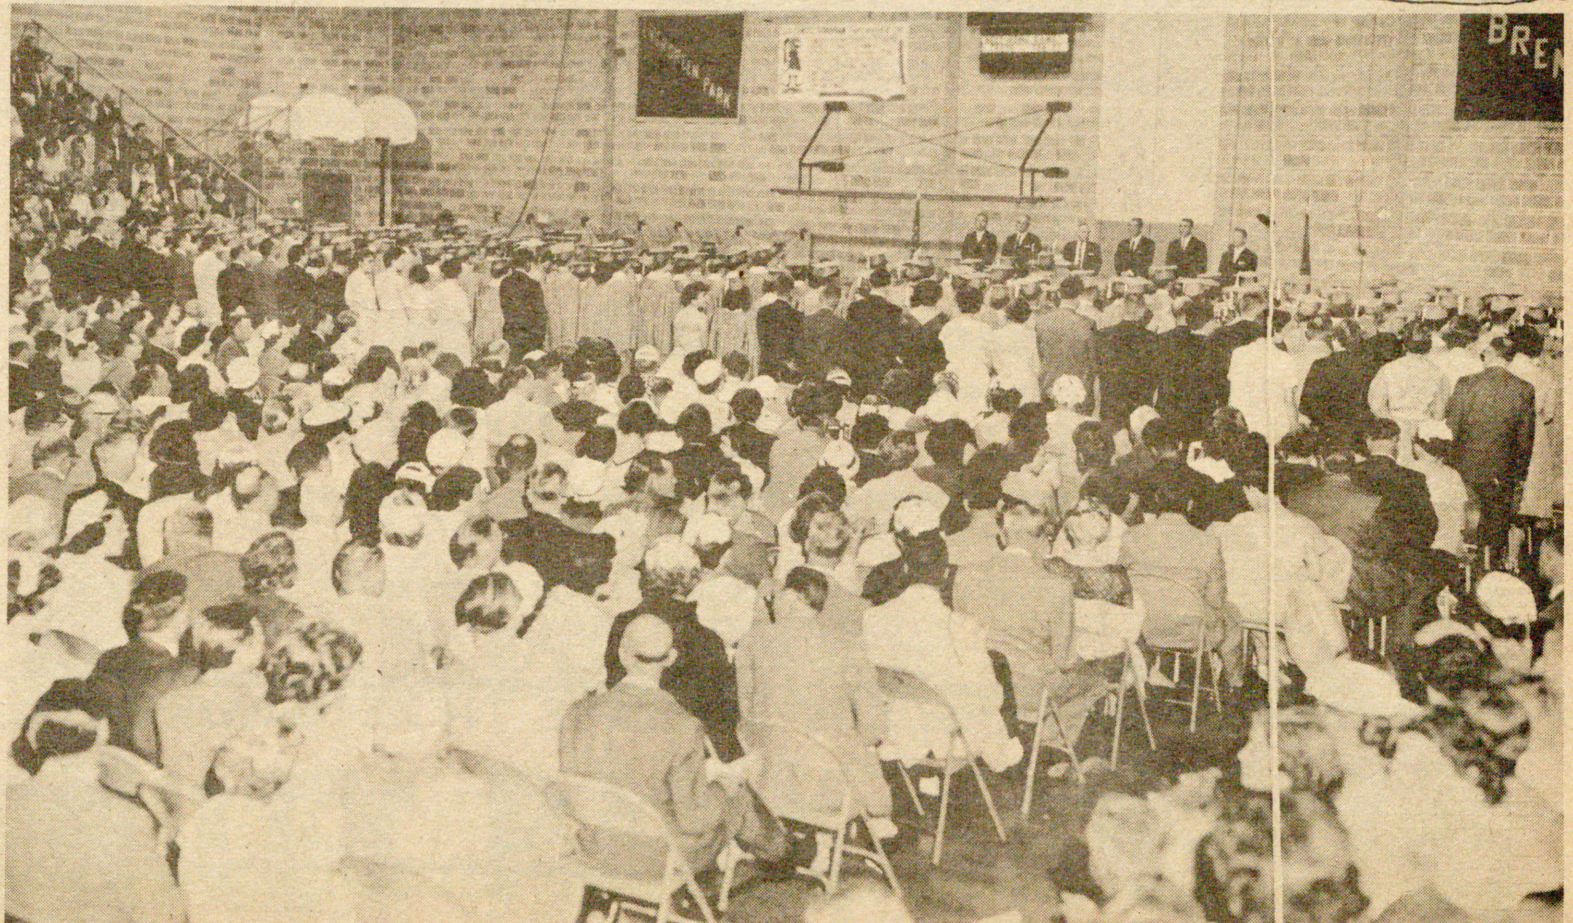

Altho she has been a semi-invalid for many years with arthritis she was always generous in caring for others. She was a lifelong member of St. Peter's church

and the Woman's Guild and Royal Neighbor Camp 6036 of Frankfort.

Mrs. Eichenberg was preceded in death by her parents Mary and Henry Stellwagen, one brother Henry; two sisters Mrs. Mary Krusemark and Miss Anna Stellwagen all of Frankfort.

Survivors include two nieces, Mrs. Paul (Corrine) Gerhold Sr. of Larchmont, N.Y., and Mrs. Leslie (Marie) Hancock, Reno, Nev. and one nephew, Attorney Albert H. Krusemark of Frankfort. Also one great niece and six great nephews.

Funeral services were held Saturday, June 11 at St. Peter's United Church of Christ, Frankfort, with the Rev. Erich Bizer officiating. Interment was in Pleasant Hills cemetery, Frankfort with funeral arrangements conducted by Zechlin Funeral home.

COMMENCEMENT DRAWS THROUG--The gymnasium at Lincoln-Way high school was filled last week by friends and relatives of the 162 seniors who received diplomas. Indications are that it will

not be many years before Lincoln-Way will have to join with other schools in the area and hold its graduation on exercises out of doors for lack of sufficient space indoors. (Marvin Smith photo)

Plans For New Village Hall Given By Developers

The Orland Park village board now has plans for a new village hall. They were presented to the board Monday night by Frank Aldridge of the firm of Braun and Aldridge, developers of Orland Park Hills.

He also told the board that when a contract is let for the hall his firm will be glad to make daily inspections of the project -- without cost to the village.

Plans were turned over to Trustee Ike Cleveland for study and report but when bids will be sought will depend upon the financial condition of the village, it was explained.

The proposed village hall would be built as the north wing of the new fire station on Beacon street. The plans show a space 20 by 30 feet at the front or west end for the reception of visitors. There would be counter and desk space there for the village clerk. Behind this would be the council chamber, a room 33 by 40, and back of that

a conference room, 16 x 16 and then police quarters, 20 x 33. Mr. Aldridge pointed out that inasmuch as excavations would have to be made in the hillside the plans call for a basement, 32 x 35 which would provide storage space for records and other uses.

The entire proposed hall would have a width of 35 feet and would be approximately 88 feet in length. No estimate was given as to the probably cost.

Lovejoy Buys Out Partner

Mark Lovejoy who with William Nells formed an engineering firm with headquarters at Orland Park several months ago, has purchased his partner's interest and will now conduct the business as Mark Lovejoy and Associates.

Mr. Lovejoy made the announcement on Monday of this week. He took over all the assets of the firm and assumed all of its liabilities.

Come Sunday June 19, and Father's day will come into his own.

At least that is the theory behind Father's day.

Mother's day became such a success that in the course of years someone—and we suspect it was a haberdasher with a long

stock of ties and sox--said: "Well now, it is high time that we give the fathers a break and declare a day for him. We could call it, m-m-m now let's see, oh, I know--Father's day. Like Mother's day, if you know what I mean, only different."

In 1936 a committee was set up in New York, according to a rather sketchy history of the event and Father's day became a national affair.

The greeting card trade, of course, does very well on Father's day it seems to us that the range is somewhat narrower than the line available for Mother's day--not as elaborate for one thing and the saccharine content is substantially less. Father may be quite a sentimentalist but doesn't like to admit it.

The florists don't fare as well on Father's day as when mother has her day but it is far from a total loss. You see mother can buy shrubs and plants and trees for father. Such gifts not only serve as such but when father sets them out he also gets beneficial exercise. At least that's what mother says.

Such presents also provide her with an opportunity to even up for such gifts as washers, stoves and other appliances which she has to

operate from then on.

Father's day, in theory at least, is a day on which the old man can play golf all day without reproach; go to a ball game; turn on the TV to ball game without objections and if he wants to fall asleep while the game is in progress, well, that's his business and not a subject for debate or criticism. He should also be excused from cutting the grass or working in the garden.

If you are giving him a tree or plants to plant, make the presentation on Saturday so he will have Father's day on which to rest from his labors.

Come to think about it the advent of Father's day really gives the old man two Christmases. On the one in December he gets ties, sox, shirts, cigars, cigars or pipe tobacco.

On Father's day he gets pipe tobacco, cigars, cigars, shirts sox and ties.

How about it? Anyone for giving father a belt?

The electronics continue to attract market attention and have advanced somewhat more than the general list during the past few weeks. Without special investment assistance, it is difficult for the average person to recognize such stocks. Many of them have not been known generally.

A number of well known industrial names such as General Electric, Westinghouse, General Telephone & Electronics, Minnesota Mining & Manufacturing, etc. have goodly stakes in the general field of electronics. For years the makers of scientific instruments were comparatively obscure, but today these firms are very important in automation activities. A number of these firms have developed additional instruments and controls used in the fast developing field of automation and efforts to secure precise product controls in manufacturing.

There is the usual speculation as to effects of elections on general business. Historically, it is very

Cut Those Weeds, Please

This is the time of year when village, town and county officials remind property owners--especially those who own vacant lots--that weeds are not only unsightly but can be dangerous.

All the villages in the area have ordinances that require property owners to keep weeds down and towns and counties have similar regulations.

In most instances these ordinances provide for governing bodies to cut the weeds if the owners fail to do so and then bill the owners for the job.

It should not be necessary for a governing body to take over such a chore. A property owner owes it to himself, the neighbors and the community as a whole to keep the weeds down.

Weeds, if unchecked eventually go to seed and thus insure an even larger crop next year. They also provide pollen that brings misery and suffering to hayfever and asthma victims.

Weeds that are left to grow at intersections, whether in municipalities or in rural areas can be deadly. They mask traffic movements and there have been a number of fatalities in the region over the past years as a result of these weed-blinded intersection, not to speak of numerous accidents in which cars were wrecked and occupants injured.

In the past week officials of various villages have issued warnings that penalties can be imposed for violation of weed control ordinances.

Well kept property is the mark of a community where the people have high civic pride and consideration for their neighbors. Makes quite an impression on visitors too.

difficult to note any special effect of a direct nature due to elections. Nonpolitical forces influence general trend of business.

However, government spending and general money policies, is influenced by the congress. Federal Reserve board has reduced the discount rate to 3 1/2 per cent. This rate is down from 4 per cent. This is the interest rate which members banks pay to the Federal Reserve for their own borrowings--usually to meet special seasonal demand for credit. A general easing of the credit picture has been expected for some time.

Credit easing likely will generate a pick up in city and state borrowings for roads, etc. Financing of less expensive residential building, has received considerable aid in the new appropriations. Many analysts do not believe that a change in the presidency as to party, will have much effect on government spending or labor union power. They also expect medical aid for the retired and government aid to schools both as to building schools and teacher salary aids or subsidies.

It is pointed out that labor costs continue to rise as does the cost of living. Freight rates are likely to increase with the expected increases to rail unions and a rise in

steel prices is expected in December when the new wage scale becomes effective. This would seem to insure a small but steady decrease in purchasing power of the dollar.

A well known investment service in its current weekly issue, comments on summer as a seasonal factor in the stock market. They comment that despite varying conditions, the stock market has had an upward tendency within the summer period in the great majority of past years. They further state that the principal reasons are that (1) in bull markets the bias in any period of medium duration is usually upward; and (2) in bear markets summer rallies have frequently followed spring declines.

Some of the better known analysts have been commenting favorably on railroad situations due to the present favorable government attitude on rail mergers. Important savings in operation costs have been possible, but the ICC has vetoed many efforts in this direction.

Washington News Letter

BY CONG. N. M. MASON

"Farm subsidies are costing American taxpayers \$6 billion a year." That statement is not true, although that is the amount in the federal budget labeled "Agriculture".

Part of the \$6 billion goes for the general benefit of the entire population, not just to farmers. Scientific research and education, grading of food products, market reporting, the Forest Service, soil conservation, food inspection service, etc. are all covered in that \$6 billion. Should we charge all these to farmers alone? We do in our budget accounting.

A large part of the \$6 billion charged to agriculture is for "commodity loans and purchases" which the government will recover later. Some of it goes for the school lunch program. Should this be charged to agriculture or to school lunches?

We have given away vast quantities of food to needy nations. We have sold great quantities to other nations on long-term credit. Is this farm aid or foreign aid or a mixture of both? We are using the money for both -- but charging it to our farmers. Actually not more than half of the \$6 billion charged to agriculture should be so charged.

And there is also another government inconsistency in connection with the so-called agricultural problem. Congress each year votes untold millions for reclamation projects to bring new land into production, to compete with our present fertile acres. And each year \$250 million is doled out by the government for lime and fertilizer to further stimulate production under our Agricultural Conservation Program.

Why not face facts? Not more than half of the \$6 billion per year can properly be charged to our American farmers.

Farming is our biggest single American industry. American farmers constitute the largest single buyers group in America. In 1959 our farmers' gross income was \$46.3 billion. It was almost 10 per cent of our gross national product. Our American farmers with a yearly income of \$6 billion, with gross assets of \$208 billion, who buy from nearly everybody and sell to everybody, cannot and should not be ignored and dismissed as no-bodies. They constitute a very important and necessary part of our American economy.

Today there is a swelling chorus of public demand, encouraged by many politicians, for a Federal plan of medical care for the aged. The pressure upon Congress for such a program has become great.

The Forand bill would add hospital care and surgical insurance to our Social Security program. Actuarial estimates show that the

cost of this program would be \$2 billion to \$2.4 billion the first year, rising to \$6 billion or \$7 billion by the year 1980. Can we afford such a program?

Under our present Social Security program our Social Security taxes are scheduled to reach 9% by 1969, and eventually to reach a maximum of 16% of pay roll. Can we afford the expense of a socialized medicine program for the aged on top of that?

The house committee on Ways and Means has voted out a "Medicare Plan for the Aged" to go into effect after June 30, 1961. Under the plan each state may decide for itself whether or not to come in under the plan. In other words, it is optional with the state whether or not it becomes a part of the plan.

There is to be a White House conference on this subject next January. The writer believes the Ways and Means committee should have held at least one month's public hearings this fall -- after the election -- to get the facts bearing upon the problems; then analyze the results of the coming White House conference before acting.

Perhaps then the Congress could and would act intelligently on the problem of the aged -- in the interests of all concerned.

Carol Smithson Weds Edwin Martie In Church Ceremony

Marriage vows were recited by Miss Carol Smithson, daughter of Mr. and Mrs. William J. Smithson, 188 East Francis road, New Lenox and Edwin C. Martie, son of Mr. and Mrs. Howard E. Martie, Mokena, R#1 at 3 o'clock the afternoon of May 14 in St. John's United Church of Christ, Mokena.

The Rev. William J. Riemann, retired pastor of the church, performed the service before an altar decorated with vases of gladiolas and palms. Candelabras were lighted by James Smithson and James Knipple. Miss Bonnie Rydell, soloist sang "Because", "With This Ring" and "The Lord's Prayer" accompanied on the organ by Miss Sandy Swinford.

Given in marriage by her father, the bride wore a floor length gown of white chiffon taffeta with band drawn alencon lace fashioning the portrait neckline, the wrist length sleeves and forming appliques thruout the very full skirt. Side drapery caught with lace motifs accented the elegant sweep of the wide chapel train. Her veil of silk illusion was held in place by a motif of alencon lace caught to a taffeta clip. She carried a bridal bouquet of white roses with lily of the valley. Her jewelry consisted of choker pearl necklace and button earrings.

Miss Jo Ann Smithson, sister of the bride, was maid of honor, who wore a waltz gown of white silk organza with fitted bodice and full skirt bordered by a wide banding of

sea foam aqua organza. A stole of white and aqua organza covered her shoulders. She wore a circular veil attached to a matching bow hat. Her flowers were a bouquet of aqua daisies.

Bridesmaids, Claire Ryden, Phyllis Koerner, Carol Ruthenbeck and Laurene Smithson wore gowns styled similar to the Maid of Honor in white and rose organza and carried bouquets of pink daisies.

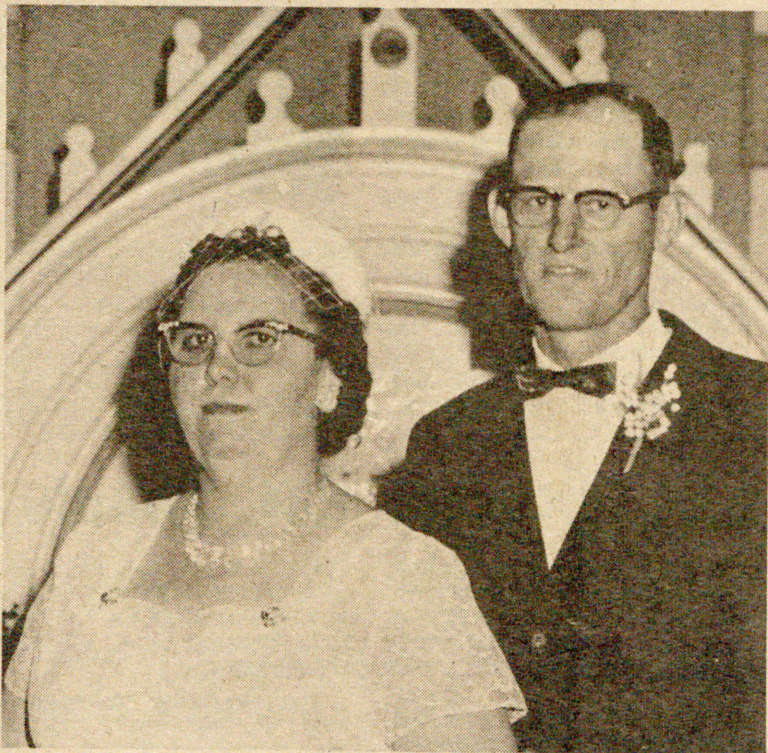

Marilyn Bormet, niece of the groom, was a miniature bride in a white satin floor length gown similar to the brides' and carried white roses and lily of the valley.

Richard Martie, brother of the groom, served as best man and ushers were James Smithson, James Knipple, Donald Klotz and Richard Smithson.

For her daughter's wedding Mrs. Smithson chose a powder blue sheath of organza and lace with white accessories. The groom's mother wore a blue embroidered organza with beige accessories. Both wore cymbidium orchid corsages.

Mr. and Mrs. Peter Hansen of Chicago, brides grandparents and

MR. AND MRS. WILBERT YUNKER

Sylvia Bode, Wilbert Yunker Recite Vows At St. Paul's

Miss Sylvia Bode, daughter of Mr. and Mrs. Lorenz Bode of Tinley Park and Wilbert Yunker of Bancroft, Nebraska, were united in marriage, Saturday, May 12 in St. Paul's Lutheran church, Bachelor's Grove, with the Rev. J. Petersen officiating at the double ring ceremony.

The bride was attired in a street length dress of white lace and wore white accessories. She carried a corsage bouquet of white carnations and lily of the valley. Her rhinestone necklace and earrings were a gift of the groom.

Mrs. Henry Kuse, Frankfort, twin sister of the bride, was matron of honor and wore a light blue lace street length dress with matching accessories. Henry Kuse served

the groom as best man.

The bride's mother was dressed in blue with white accessories and a corsage of pink and white carnations completed her costume.

Following the ceremony a six o'clock supper was served in the parish hall to 85 guests. Mrs. Wilbert Klier and Mrs. Rosemary Ratkowski cut the wedding cake.

Out of town guests attending the ceremony were the grooms sister and husband, Mr. and Mrs. Alfred Schulze, of Lyons, Nebr.

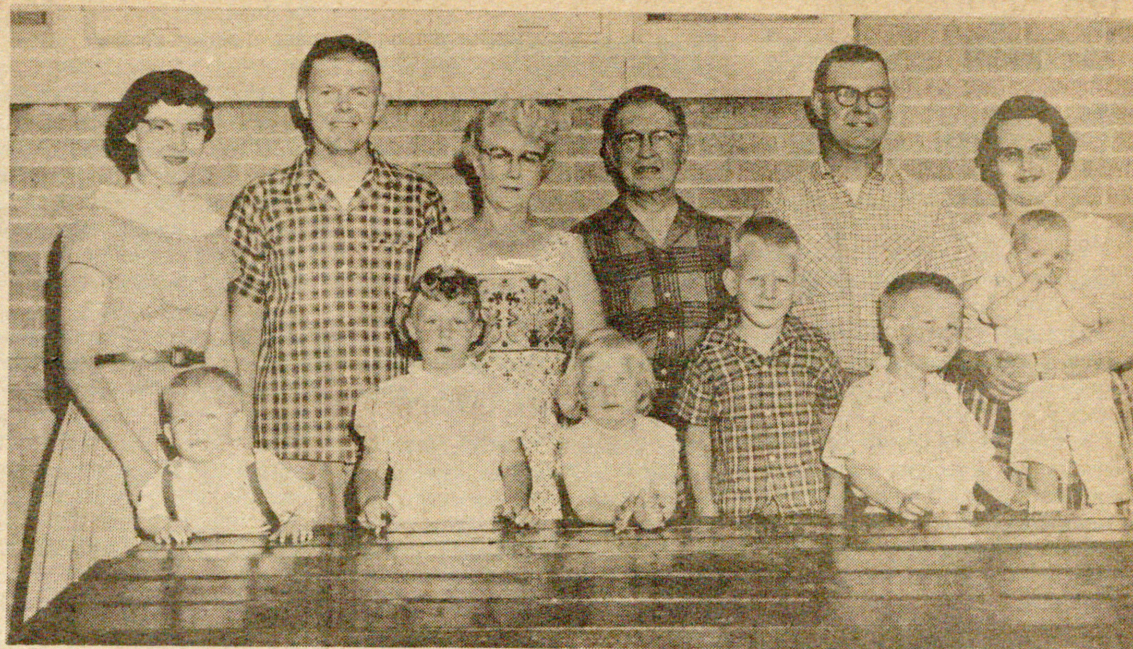

Since returning from a ten day wedding trip thru the Smoky mountains and New Orleans the newlywed couple are temporarily residing with the bride's parents in Tinley Park.

Mr. and Mrs. Edward Martie and Charles Erickson of Mokena, grandparents of the groom were among those attending the 6:30 o'clock dinner and reception which followed at Saenger Hall, Tinley Park.

The newlyweds motored to Ft. Lauderdale, Fla. for two weeks. Upon their return they will make

their home at Route 30 and Haven avenue, New Lenox. The bride chose a brown and white linen sheath dress with jacket as her going away costume.

The bride is employed by the Joliet Electric Supply Company, Inc. and the groom is associated with New Lenox Lumber and Hardware Co., New Lenox.

Eleanor Hammond Lincoln Estates Will Wed Moline Couple Marries; Man On Sunday Hold Open House

Mr. and Mrs. James Hammond, 160 South Cooper street, New Lenox, are announcing the approaching marriage of their daughter, Eleanor, to David Strang of Moline.

The ceremony will take place, Sunday, June 19, at 4:30 p.m. in the Methodist church. Although some invitations have been issued, all relatives and friends are invited.

The couple will make their home in Evanston following their honeymoon.

Mrs. Martha Ott and Charles Cane, both of Lincoln Estates were united in marriage, Saturday afternoon, June 4, at 2 p.m. in New Lenox. Mr. and Mrs. Lester Coy were the couple's attendants.

Mr. and Mrs. Cane held an open house, Sunday afternoon, June 5, in their home at 80th avenue and Woodvale. A delicious buffet sup-

per was served to 100 relatives and friends. The honored guests were recipients of many lovely gifts. Guests were from Chicago, New Lenox, Joliet and Mokena.

Prior to the wedding Mrs. Ott was the guest of honor at a dinner party, at Surma's, given by a bowling group of which she is a member. Those attending were, Mesdames; Lorraine Massey, Pearl Cheney, Lola Harnack and Violet Warning all of Frankfort; also Alice Bradley, Anne Storm, Gertrude Nijakowski, and Irene Wilson. Mrs. Ott was presented a gift from the group.

Attend Spring Concert Given By Nurses Chorus

Mr. and Mrs. Joe Machtemes of Lincoln Estates and Mr. and Mrs. Leonard Machtemes of Mokena attended the spring concert of Evanston student nurses chorus of which the former's daughter, Barbara Machtemes is a member.

The concert was held Sunday, June 12, at the Patton Memorial auditorium and was accompanied by the Blue Jacket choir of Great Lakes Naval station.

Miss Machtemes is a freshman at Evanston hospital school of nursing and will complete her first year in September. She graduated from Lincoln-Way high school with the class of 1959.

Doughnut Tag Day Drive Nets \$317

The recent Salvation Army Doughnut tag day held June 10 totaled \$317.13 for the Orland Park, Frankfort and Mokena areas.

Mrs. Karl Ekberg, chairman for the Orland Park drive, stated their amount was \$202; Mrs. Jacob Barrenz, chairman for Mokena, received \$61.41 and Mrs. Robert Burns, chairman for Frankfort, collected \$53.72.

Fifth Graders Pay Tribute To Dads

The third Sunday in June--which incidentally is the one coming up, June 19--has been set aside as Father's day. And while Father's day may lack some of the hurrah accorded Mother's day, Dad appears to rate very well according to some little essays written by pupils in the fifth grade of the Mokena public school.

These thoughts on father, it was emphasized in a note accompanying the Fifth in Print, a mimeographed publication gotten out in that grade, are solely those of the essayists.

Mrs. Fred Lehmann is the fifth grade teacher.

Not all of the contributions are reproduced here. It is not that they lacked sparkle or interest but there are times when it is better to run than to stand.

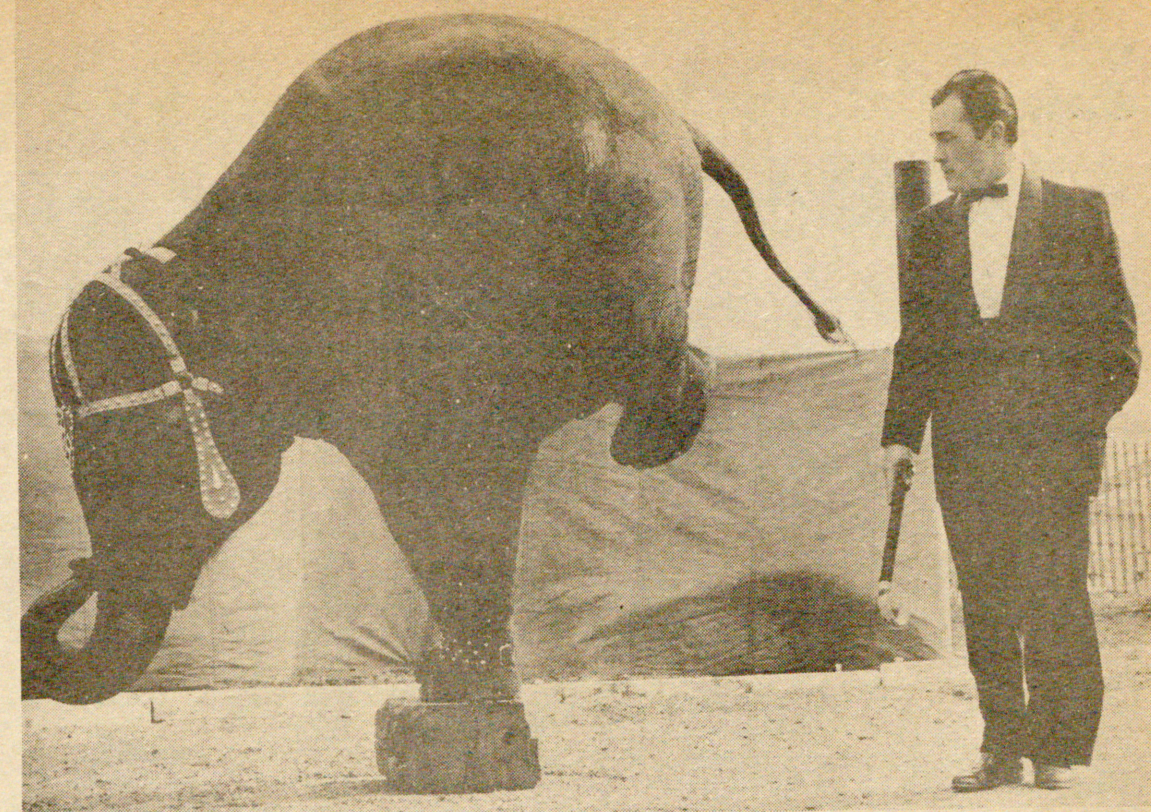

The fifth graders tribute to Dads follow:

"My dad sometimes is nicer than my mother because he buys me some candy right before dinner. My dad hauls cars all over the United States and most nights he doesn't come home. My mother and I are glad to see him when he's home. - Jeanne Mancke.

"My father is outstanding because he raises beef and sells it to meat packing places that goes to the people. My father lets me help with the farm work." - Harold Kohl.

"My father is outstanding because in overseas he was an Army commander. And because he works so hard at the army site, I also think he's great because he's so nice to his family." - Carole Weaver.

"My dad is a nice and good man. He is a milkman. My father is good to me but he also teaches me right from wrong. I get a

spanking for being bad but I know it is for my own good. My dad is happy although he has to get up at 4 o'clock in the morning." - Valarie Raske.

"My dad is tall and has black hair. My dad was a lifeguard once. My dad hits balls to me, plays catch and makes me bat. P.S. He throws fast balls. Me and my brother Mike are against my dad and Christopher. He was in New York harbor and saw the Statue of Liberty." - Richard Stroh.

"I like my dad because he is nice. He makes me things and buys me things. He helped me make a radio and other things. He takes me places and we have fun. Dad and I made a shellbox and put sand in it-that's why I like my dad." - Paul Behen.

"My father is an outstanding father because he gives me wood to build my little house and lets me shoot his BB gun. My father sometimes lets me go hunting with him and my uncle." - Jim Burkhardt.

"My dad is sometimes very intelligent. He makes games and other things for us. He made a coaster for us. He made a table for our TV set. He is a technician." - Sandy Soderburg.

"My father is very sweet to me. To me he is most wonderful. My father is a welder." - Ellen Holman.

"My dad is outstanding because he is smart and is humorous too. He tells me how to do things. He works at Argonne National Laboratory. He likes to fly, shoot and drive." - Tom Collins.

"My father is outstanding because he is a good builder and carpenter. He built our house by

himself." - Diane Moutrey.

"My father is tall and has a crewcut. He also has black hair. He goes to work in the army. My father makes me mind. But most of the time he is nice. He doesn't like gardens, so he says. But once he planted some petunias and they grew and he was proud. He was getting a green thumb like mine." - Debbie Edging.

Fire Department Elects Officers

The annual election of officers of the Orland Park volunteer fire department has been approved by the village board.

Arthur Granat was re-elected chief and the others are assistant chief Jerome Eckert; Capt. Jerry Granat; 1st. Lt. Herbert Ritchey; 2nd Lt. Del Garmon; Dorsey Townner, treasurer and Jerry Klotz, secretary.

The board also gave official approval of the appointment of Joseph Rust as deputy village clerk.

NEW BELL CHIME

What a wonderful new idea for your home! Soft musical notes that announce your telephone calls all through the house.

The Bell Chime can be placed anywhere--living room, family room, or any central location. It's inconspicuous and comes in velvety gold or soft ivory to blend with any color scheme or decor.

If you like, you can set it for a loud bell when you're outside in the yard or on the patio. Or set it for the familiar telephone ring. The cost is surprisingly low--and maintenance is free. Call your Service Representative at your Bell Telephone business office and ask her about the Bell Chime.

Better yet, stop in and have her show it to you. Or if an installer-repairman visits your home, ask to see it.

Commonwealth Edison Co. Wins Top Utility Honors

Commonwealth Edison Company of Chicago has received the electric industry's highest honor, the Edison Award for "enlightened, significant contribution toward the development of economic nuclear power" in the completion and operation of the Dresden Nuclear Power station, the nation's first large privately-financed atomic power plant.

The award also was given in recognition of the company's "outstanding efforts in the promotion of low-cost residential electric space heating." It was presented to Willis Gale chairman of Commonwealth Edison Co. by Allen S. King, president of the Edison Electric Institute, at the close of the Institute's 28th annual convention in Atlantic City last week.

Commonwealth Edison Co. was cited by the judges for an "enlightened, significant contribution toward the development of economic nuclear power, culminating in the achievement in 1959 of critical operation of the Dresden nuclear power station, the country's first large reactor generating plant paid for by private enterprise -- so soundly financed as to burden neither the customers nor the stockholders of the company, and for accomplishing the objective within the time and cost estimates -- all exemplifying cooperative effort among electric utilities in the best tradition of the industry; for pioneering procedure in securing an operating license and for contributing importantly in the obtaining of substantial federal third party indemnification; and also for outstanding efforts in the promotion of low-cost residential electric space heating."

The 180,000-kilowatt plant's nuclear power reactor is larger than any now in operation or under construction in the United States. Construction of Dresden was stated in the spring of 1957 and completed last fall. On Oct. 15, 1959, Dresden went into critical operation with the achievement of its first chain reaction. The first electricity was generated in the spring of this year, and full operation is scheduled for this summer.

Sharing the research and development costs of the Dresden project were members of the nuclear power group which, with Commonwealth Edison, included American Electric Power Co., Bechtel Corporation, Central Illinois Light Co., Illinois Power Co., Kansas City Power & Light Co., Pacific Gas and Electric Co., and Union Electric Co.

In building Dresden, a contract price of \$45,000,000 was established with the General Electric Co. Of this amount, Commonwealth is paying \$30,000,000 and the balance is being paid by the members of the nuclear power group, including Commonwealth, as a research and development expense. Additional site and overhead costs of about \$6,000,000 will be paid by Commonwealth.

Commonwealth was selected for the Edison Award thru a sequence of nominations by a panel representing every section of the nation, analysis of accomplishments of the nominated companies by a review committee, and a decision by a committee of judges. Judges were Dr. J. D. Ryder, dean of engineering, Michigan State university; C. W. Kellogg, past president of the Edison Electric Institute; and Mr. King.

The Edison Award is given annually to an electric company "for distinguished contribution to the development of the electric light and power industry for the convenience of the public and the benefit of all."

Consisting of a gold medal for

Thursday, June 16, 1960 Page 7

the winning company, and \$1,000 for the company's employees' benefit fund, the award has acquired national prominence in the public mind as well as in the electric industry for its significance in recognizing conscientious service and progressive development.

The presentation to Commonwealth Edison represents the second time the Edison Award has been given. It was presented for the first time last year, taking the place of the Charles A. Coffin Award, which was given annually from 1922 thru 1957 in recognition of outstanding achievement in the industry.

LEGAL PUBLICATION

ORDINANCE NUMBER 79

AN ORDINANCE authorizing and providing for the issue of \$350,000 Sewer Revenue Bonds for the Village of New Lenox, Will County, Illinois, for the purpose of defraying part of the cost of constructing a sewerage treatment plant and a sanitary sewer system for said Village, prescribing all the details of said bonds, and providing for the collection, segregation and distribution of the revenue of the sewerage system of said Village for the purpose of paying the cost of the operation and maintenance thereof, providing an adequate depreciation fund therefor, and paying the principal and interest of said Sewer Revenue Bonds.

WHEREAS it is deemed advisable and necessary for the public health and safety of the inhabitants of the Village of New Lenox, Illinois, that a sewerage treatment plant and a sanitary sewer system be constructed, all in accordance with the plans and specifications therefor heretofore approved by the Village Board and now on file in the office of the Village Clerk of New Lenox and open for public inspection; and

WHEREAS the total estimated cost of the construction of said sewerage treatment plant and sanitary sewer system, as prepared by the engineers of said Village employed for that purpose, is the sum of \$565,000, including legal and engineering expense, and bond discount; and

WHEREAS the Village of New Lenox will receive assistance in the aggregate amount of \$75,000 in the form of a federal grant to be received from the United States Government, and the sum of \$185,000 from the proceeds of the sale of \$185,000 general obligation sewer bonds heretofore authorized to be issued, and in order to raise the remainder of the funds required it will be necessary for the Village of New Lenox to borrow the sum of \$350,000 and in evidence thereof issue its Sewer Revenue Bonds in the principal amount of \$350,000 for the purpose of paying part of the cost of the construction of said sewerage treatment plant and sanitary sewer system; and

WHEREAS pursuant to the provisions of Article 60 of the "Revised Cities and Villages Act", of the State of Illinois, this Village is authorized to issue Sewer Revenue Bonds, payable solely out of the earnings to be derived from the operation of the municipal sewerage system, in an amount sufficient to pay a part of the cost of constructing said sewerage treatment plant and sanitary sewer system, as hereinabove described;

NOW, THEREFORE, Be it Ordained by the President and Board of Trustees of the Village of New Lenox, Will County, Illinois as follows:

Section 1. That the President and Board of Trustees have heretofore caused to be made an estimate of the cost of constructing a sewerage treatment plant and a sanitary sewer system in and for said Village of New Lenox as described hereinabove in the preamble of this ordinance, and all in accordance with the plans and specifications therefor heretofore prepared and approved by this President and Board of Trustees and now on file in the office of the Village Clerk for public inspection, and do hereby estimate that the total estimated cost of the construction of said sewerage treatment plant and sanitary sewer system is the sum of \$565,000.

Section 2. That the President and Board of Trustees do hereby determine the period of usefulness of said treatment plant and sewerage system to be forty years.

Section 3. That to pay a part of the cost of constructing said sewerage treatment plant and sanitary sewer system it will require the issuance of \$350,000 Sewer Revenue Bonds bearing interest at the rate of Five per cent (5%) per annum.

Section 4. That for the purpose of defraying a part of the cost of constructing said sewerage treatment plant and sanitary sewer system in and for said Village of New Lenox as hereinabove described in the preamble of this ordinance, there be issued and sold sewer revenue bonds of said Village to be designated "Sewer Revenue Bonds", in the principal amount of \$350,000 which bonds shall bear the date of July 1, 1960, be numbered consecutively from 1 to 350 inclusive, be of the denomination of \$1,000 each, bear interest at the rate of Five per cent (5%) per annum, payable on January 1, 1961, and semi-annually thereafter on the first days of July and January each year and become due serially on July 1 of each year in amounts and years as follows:

\$ 5,000-1966 through 1978
10,000-1979 through 1987
15,000-1988 through 2000

provided that the municipality reserves the right to call for redemption prior to maturity, on July 1, 1980, or on any interest payment date thereafter, at par and unpaid accrued interest to the date of re-

demption, bonds numbered 156 through 350 maturing on July 1, in the years 1988 through 2000, in the inverse numerical order of said bonds, in accordance with the terms and conditions as set forth in Section 6 of this ordinance.

Section 5. Both principal and interest of said Sewer Revenue Bonds shall be payable in lawful money of the United States of America at the National Boulevard Bank of Chicago, in the City of Chicago, Illinois. Said bonds shall be signed by the President of the Village, sealed with the corporate seal of said Village, and attested by the Village Clerk, and the interest coupons attached to said bonds shall be executed by the facsimile signatures of said President and said Village Clerk, and said officials by the execution of said bonds, shall adopt as and for their own proper signatures their respective facsimile signatures appearing on said coupons.

Said bonds, together with the interest thereon, shall be payable solely from the revenues derived from the sewerage system of the said Village and such bonds shall not in any event constitute an indebtedness of the Village of New Lenox within the meaning of any constitutional or statutory limitation.

Any of said bonds may be registered as to principal at any time prior to maturity in the name of the holder on the books of said Village in the office of the Village Treasurer, such registration to be noted on the reverse side of the bonds by the Village Treasurer, and thereafter the principal of such registered bonds shall be payable only to the registered holder, his legal representatives or assigns. Such registered bonds shall be transferable to another registered holder or back to bearer only upon presentation to the Village Treasurer, with a legal assignment duly acknowledged or approved. Registration of any of such bonds shall not affect the negotiability of the coupons thereto attached, but such coupons shall be transferable by delivery merely.

Section 6. That said bonds and coupons shall be in substantially the following form:

(Form of Bond)
UNITED STATES OF AMERICA
STATE OF ILLINOIS COUNTY OF WILL
VILLAGE OF NEW LENOX
SEWER REVENUE BOND

NUMBER _____ \$1,000.
KNOW ALL MEN BY THESE PRESENTS, that the Village of New Lenox, Will County, Illinois, for value received, hereby promises to pay to bearer, or if this bond be registered, as hereinabove provided, then to the registered holder hereof, solely from the Sewerage Revenue Fund of the Village of New Lenox, as hereinafter mentioned, and not otherwise, the sum of ONE THOUSAND DOLLARS (\$1,000) on July 1, together with interest on said sum from date hereof until paid at the rate of Five per cent (5%) per annum, payable January 1, 1961, and semi-annually thereafter on the first days of July and January in each year upon presentation and surrender of the annexed interest coupons as they severally become due.

Both principal and interest of this bond are hereby made payable in lawful money of the United States of America at National Boulevard Bank of Chicago, in the City of Chicago, Illinois.

This bond is payable solely from revenues derived from the sewerage system of said City and not otherwise, and is issued under authority of Article 60 of the "Revised Cities and Villages Act", of the State of Illinois, and all laws amendatory thereof and supplemental thereto, for the purpose of paying a part of the cost of constructing a sewerage treatment plant and a sanitary sewer system in and for said Village of New Lenox, and this bond does not constitute an indebtedness of said Village within any constitutional or statutory limitation.

Under said Act and the ordinance adopted pursuant thereto, sufficient revenues from the operation of the sewerage system of said Village shall be deposited in a separate fund designated as the "Sewerage Revenue Fund" of said Village, which shall be used only in paying the cost of operation and maintenance of said system, providing an adequate depreciation fund, and paying the principal of and interest on all bonds of such Village that are issued under authority of said Act, and are payable by their terms only from the revenue of such sewerage system, and to maintain the accounts created under the ordinance pursuant to which this bond is issued.

It is hereby certified and recited that all acts, conditions and things required to be done precedent to and in the issuance of this bond have been done and have happened and have been performed in regular and due form of law, and that provision has been made for depositing in said sewerage fund the revenues derived from the operation of said sewerage system

to be applied in the manner as hereinabove set forth; and it is hereby covenanted and agreed that rates will be charged for the use and service of said sewerage system sufficient at all times to pay the cost of operation and maintenance of such system, provide an adequate depreciation fund, and pay the principal of and interest on all bonds issued by said Village which are payable solely from the revenues of such system.

This bond may be registered as to principal in the name of the holder on the books of said Village in the office of the Village Treasurer, such registration to be evidenced by notation of said Treasurer on the back hereof, after which no transfer hereof shall be valid unless made on said books and similarly noted hereon, but it may be discharged from such registration by being transferred to bearer, after which it shall be transferable by delivery, but it may be again registered as before. The registration of this bond shall not restrict the negotiability of the coupons by delivery merely.

This bond is one of an authorized issue of Three Hundred Fifty Thousand Dollars (\$350,000), of the denomination of \$1,000 each, numbered from 1 to 350, inclusive, and bonds numbered 156 to 350, inclusive, shall be redeemable as a whole or in part, prior to maturity, at par and accrued interest to date of redemption on July 1, 1980, or on any interest payment date thereafter. All bonds shall be redeemed in the inverse order in which they are numbered, if less than all of said bonds are redeemed at any time.

Notice of redemption of any of such bonds shall be given by the Village to the holder thereof, if known, by registered mail at least thirty days prior to the date of redemption, or if the holder hereof be unknown such notice shall be published at least once thirty days prior to the date of redemption in one daily newspaper published and of general circulation in the City of Chicago, Illinois, and when any of said bonds shall have been called for redemption interest thereon shall cease from and after the specified redemption date.

IN WITNESS WHEREOF, said Village of New Lenox, Will County, Illinois, by its President and Board of Trustees, has caused this bond to be signed by its President, its corporate seal to be hereto affixed, and to be attested by the Village Clerk, and the coupons hereto attached to be signed by the facsimile signatures of said President and said Village Clerk, which officials, by the execution of this bond, do adopt as and for their own proper signatures their respective facsimile signatures appearing on said coupons, and this bond to be dated the first day of July, 1960.

Section 7. That upon the issuance of the Sewer Revenue Bonds herein provided for the entire municipal sewerage system of said Village shall be operated on a fiscal year basis commencing the first day of July and ending the last day of June of each succeeding year, and all the revenues from any source whatsoever derived from the operation of said system shall be set aside as collected and deposited in a separate fund and account which is hereby created to be designated as the "Sewerage Revenue Fund" of the Village of New Lenox, Illinois, which shall be used only in paying the reasonable cost

of operation and maintenance of said system, providing an adequate depreciation fund, paying the principal and interest on all revenue bonds of said Village which by their terms are payable solely from the revenues derived from the operation of said sewerage system of said Village, and to create the special accounts hereinafter provided.

Section 8. That there are hereby created separate special accounts to be designated severally the "Operation and Maintenance Account", "Bond and Interest Account", "Depreciation Account", "Reserve Account", and "Surplus Account", into which there shall be credited on the first business day of each month all moneys held in the Sewerage Revenue Fund of said Village in accordance with the following provisions:

(a) There shall be credited to the Operation and Maintenance Account from the first business day of each month an amount sufficient to pay the reasonable expense of operation and maintenance and repair of said sewerage system up to the next succeeding month, including without limiting the generality of the foregoing, salaries, wages, costs of materials, supplies, insurance and power.

(b) There shall be credited to the Bond and Interest Account an amount equal to not less than one-fifth of the interest becoming due on the bonds hereby authorized on the next succeeding interest payment date, and beginning July 1, 1961 an amount equal to not less than one-tenth of the principal becoming due on the next succeeding principal payment date of the bonds hereby authorized, until there shall have been accumulated in the Bond and Interest Account on or before thirty days preceding such current maturity date of principal or interest, or both, an amount to pay such principal or interest, or both, of all bonds issued and maturing by their terms on such current maturity date.

From and after the issuance of any of the bonds hereby authorized, and upon receipt of the purchase price therefor, there shall be credited to the Bond and Interest Account all accrued interest derived from the sale of said bonds.

All moneys in said account shall be used only for the purpose of paying interest and principal on the outstanding bonds of said Village which by their terms are payable from the revenues of the sewerage system. Funds sufficient to pay interest or principal, or both, of said bonds, together with fiscal agency fees, shall be transmitted to the paying agent not less than fifteen days prior to each current maturity date of either principal or interest, or both.

It is hereby determined that the minimum amounts to be set aside in the "Bond and Interest Account" in each fiscal year to be used for the purpose of paying the maturing principal of and interest accruing on the Revenue Bonds issued under the provisions of this ordinance shall be as follows:

Payments into the Bond and Interest Account may be suspended in any fiscal year at such time as there shall be sufficient money in said account to pay principal and interest for the ensuing twelve months, but such payments shall again be resumed at the beginning of the new fiscal year. All moneys in said account shall be used only for the purpose of paying interest and principal on the bonds hereby authorized as the same shall become due, or on bonds which may be hereafter issued and on a parity with the bonds herein authorized.

(c) There shall be credited to the Depreciation Account the sum of \$100.00 each month until such account aggregates the sum of \$12,000.00. After said account aggregates the sum of \$12,000.00, no credits shall be made to said

account, except that when any money is paid out of such account credits to said account shall be resumed and continued until such account has been restored to the aggregate amount of \$12,000.00. The moneys in said account shall be used to pay the cost of necessary repairs and replacements to the system necessitated by an emergency, for the payment of which no other funds are available, in order that said system may render efficient service. Each expenditure made from the Depreciation Account shall be made only after certification by a consulting engineer employed for that purpose that an emergency exists, and that the expenditure is necessary to the continued effective operation of the sewerage system.

(d) There shall be credited to the Reserve Account the sum of \$250.00 each month, until such account aggregates the sum of \$30,000.00. Thereafter no credits shall be made to said account, except that when any money is paid out of such account such credits to said account shall be resumed and continued until such account has been restored to the aggregate amount of \$30,000.00. The moneys in said account shall be used only to pay principal or interest on outstanding bonds of said Village, which by their terms are payable from revenues of the sewerage system of said Village when there are insufficient funds available at any time to pay such principal or interest from any other source.

(e) Any surplus funds then remaining after providing for all of the credits hereinabove listed in sub-paragraphs (a) through (d) shall be deposited in the Surplus Account to be used and held for use as follows:

(i) First, for the reimbursement at any time and from time to time of any account listed in sub-paragraphs (a) through (d) hereof that is depleted by withdrawals;

(ii) Second, a sum of money equal to 50% of the amounts so deposited in said Surplus Account each month remaining after any such reimbursement, shall be accumulated and shall be transferred at the end of each fiscal year to a Bond Redemption Fund, which is hereby created, to be used for the redemption of the bonds herein authorized prior to their maturity, as and when any such Bonds by their terms are redeemable prior to maturity, and all bonds so redeemed shall be cancelled; and

(iii) Third, all money remaining in said Surplus Account in excess of 50% of the amounts so deposited in said Bond Redemption Fund at the end of any fiscal year may be used or accumulated for the purpose of making improvements and extensions to said system or for the redemption of bonds herein authorized prior to maturity as determined by resolution of the governing body of said municipality, and all sums of money to be used for the redemption of bonds shall be transferred to said Bond Redemption Fund.

(f) Moneys in any of the accounts (c) to (e), inclusive, all as hereinabove created, may by resolution of the Village be invested from time to time in interest bearing bonds or other direct general obligations of the United States Government, maturing within 10 years from date of purchase, and such securities may be sold from time to time pursuant to resolution of the Village as funds may be needed for the purpose for which said accounts have been created. All accrued interest on any funds so invested shall be credited to the account for which the investment was made.

That moneys in each of the above created Accounts shall be kept separate and apart from all other funds and moneys of the Village and shall be deposited with the National Boulevard Bank of Chicago in the City of Chicago, Illinois.

Section 9. That it is hereby covenanted and agreed that the revenues of the sewerage system are to be paid into the various special accounts hereinabove established and created in the order in which said accounts have been listed, and if within any period of time the revenues are insufficient to place the required amounts in any of said accounts the deficiencies shall be made up the following period or periods after payments into all the accounts enjoying a prior claim of revenues have been made in full.

Section 10. While the bonds authorized hereunder or any of them remain outstanding or unpaid, rates charged for service of said system shall be sufficient at all times to pay the cost of operation and maintenance, to provide an adequate depreciation fund, and to pay the interest on and principal of all outstanding Revenue Bonds, including this issue. And there shall be charged against all users of said service, including the Village of New Lenox, such rates and amounts for service as shall be adequate to meet the requirements of this section. Compensation for services rendered the Village shall be charged against the Village and payment for the same from the corporate fund shall be made monthly into the Sewerage Revenue Fund created by this ordinance, in the same manner as other revenues are required to be

deposited.
Section 11. Any holder of a bond or bonds or any of the coupons of any bond or bonds issued hereunder may either in law or equity, by suit, mandamus or other proceedings, enforce or compel performance of all duties required by this ordinance, including the making and collecting of sufficient rates for service and application of income and revenue therefrom.

Section 12. It is hereby covenanted and agreed that while any Sewer Revenue Bonds issued hereunder are outstanding additional revenue bonds to share ratably and equally in the revenues to be derived from the operation of the said system shall not be issued unless and until it is shown by the earnings of said system that the revenues derived from the system for the last preceding fiscal year prior to the date of the issuance of said additional bonds were sufficient (1) to pay all cost of operation and maintenance of the system; (2) to credit the amounts required to be credited up to the date of said additional bonds to the respective accounts (a) to (d), inclusive, of Section 9 of this ordinance; and (3) leave a balance equal to at least one-hundred forty percent (140%) of the aggregate of the average annual principal and interest requirements on all bonds of the issue herein authorized then outstanding and on the additional revenue bonds proposed to be issued.

Notwithstanding the above restrictions, additional bonds, but not to exceed the aggregate amount of \$75,000, to share ratably and equally in the income and revenues of the system with the revenue bonds authorized to be issued under the terms of this ordinance may be issued at any time after the passage of this ordinance for the purpose of completing the construction of the improvements and extensions, authorized and provided for by this ordinance, but only upon certificate to the governing body of the municipality by the consulting engineer then in the employ of said municipality that additional funds are necessary for the purpose of completing the construction of said improvements heretofore approved and now on file in the office of the Village Clerk for public inspection and said certificate shall show the total amount of work completed, the cost thereof, the work remaining to be completed and the estimated cost thereof and said certificate shall be approved by the governing body of the municipality and filed in the office of the Village Clerk for public inspection preliminary to the adoption of any ordinance providing for the issuance of any additional revenue bonds.

In addition to the foregoing, if prior to the payment of all the bonds hereby authorized it shall be found desirable to refund part of the bonds hereby authorized, said bonds may be refunded notwithstanding the restrictions as to the issuance of additional bonds set forth in this section (with the consent of the holders thereof unless the bonds to be refunded are subject to redemption and provision for call and redemption thereof is duly made), and any refunding bonds so issued shall share ratably and equally in the revenues of said sewerage system and the pledge thereof under this ordinance with the portion of the bonds hereby authorized which are not refunded; provided, further, that if less than all of such bonds then outstanding are refunded in such manner that the interest rate is increased or the refunding bonds mature at a date earlier than the maturity of any bond refunded thereby, then such refunding bonds shall not share ratably and equally in the revenues of said system with the portion of the bonds remaining outstanding authorized under this ordinance, but in such case the lien of such refunding bonds shall be junior and inferior to the lien of the bonds herein authorized, provided, that such refunding bonds may share ratably and equally in the revenues of said system if the holders of the bonds not to be refunded consent in writing to the maturities and interest rate or rates of such proposed refunding bonds.

Section 13. That the Village of New Lenox hereby covenants and agrees with the holder or holders of the bonds herein proposed to be issued, or any of them, that it will punctually perform all duties with reference to said sewerage system required by the Constitution and Laws of the State of Illinois, including the making and collecting of sufficient rates for service, and segregating the revenues of said system and the application of the respective funds created by this ordinance, and it hereby covenants and agrees not to sell, lease, loan, mortgage or in any manner dispose of said system, (except as provided in Section 12) including any and all extensions and improvements that may be made thereto, until all of the bonds herein authorized to be issued shall have been paid in full, both principal and interest, or unless and until provisions shall have been made for the payment of all such bonds and interest thereon in full; and the Village further covenants and agrees with the holders of said bonds to maintain in good condition and continuously operate said system and to maintain in-

surance on said properties of the same kind or kinds which would normally be maintained by other operators engaged in a similar type of business and payment of premiums on any such insurance shall be deemed an operation expense and paid from the revenues of said system.

Section 14. Provisions of this ordinance shall constitute a contract between the Village of New Lenox and the holders of the bonds herein authorized to be issued, and after the issuance of the bonds, no changes, additions or alterations of any kind shall be made hereto in any manner except in accordance with the provisions of this ordinance, or until such time as all of said bonds issued hereunder and the interest thereon shall be paid in full, or unless and until provision shall have been made for the payment of all such bonds and interest thereon in full.

Any excess funds derived from the sale of said bonds after completion of the improvements and extensions herein provided for may be used to pay the cost of additional improvements and extensions to the said sewerage system, in accordance with plans and specifications prepared for that purpose and approved by the President and Board of Trustees of said Village at any time within three years from the date of completion of the improvements herein provided for. In the event said surplus funds are not used for additional improvements and extensions within three years from date of completion of the improvements herein provided for, then said surplus funds shall be placed in the Bond and Interest Account of the Sewerage Revenue Fund of the Village of New Lenox and applied to the payment of interest or principal of any of its outstanding Sewer Revenue Bonds or the redemption of said bonds prior to maturity.

Section 15. That as soon after this ordinance becomes effective as may be, said bonds shall be executed as herein provided and be deposited with the Treasurer of said Village and said Sewer Revenue Bonds, shall be by said Treasurer delivered to Morrissey & Co., of the City of Davenport, Iowa, the purchaser thereof upon the receipt of the purchase price therefor, the same being the agreed purchase price plus accrued interest from date of sale of bonds to date of delivery thereof and at an interest cost to the Village not exceeding six per cent (6%) per annum, computed to maturity according to standard table of bond values, all in accordance with the contract of sale heretofore entered into, which said contract of sale shall be and the same is hereby in all respects ratified, approved and confirmed. The bonds, when duly executed as provided herein, shall be delivered to the Treasurer who shall receipt for the payment of said bonds against delivery thereof to said purchasers.

All proceeds derived at the sale and delivery of said bonds shall be accounted for by said Treasurer as follows:

(a) All accrued interest from the date of the bonds to the date of delivery and payment, together with the sum of \$35,000 to be received from the proceeds of the sale of said bonds and representing interest during construction, shall be deposited in the Bond and Interest Account with the paying agent;

(b) The balance of the proceeds received as principal, together with sufficient other funds when and as received from a federal grant and \$185,000 to be received as proceeds from the sale of a general obligation bond issue, shall be deposited by the Treasurer in a separate and special account of the municipality to be known and designated as the "Sewerage System Bond Construction Fund Account" and such deposit shall be made in the National Boulevard Bank of Chicago, in the City of Chicago, Illinois, as depository, to be secured in the manner, form and time as by law required, and all proceeds held in said Construction Fund Account shall be used and held for use solely to construct the improvements and extensions to the system of the municipality as hereinabove described in this ordinance, and the beneficial interest to all moneys held in said Construction Fund Account at the time of the original deposit therein and from time to time thereafter shall be in the holder or holders of the bonds herein authorized, and all disbursements therefrom shall be made by the Treasurer of this municipality from time to time but only upon submission to him and said depository of:

(a) a certificate by the engineer in responsible charge of the construction of said improvements and extensions stating the nature of the work completed and the amount due and payable thereon, and that sufficient funds remain to complete the construction thereof, bearing the endorsement and approval of the Village President of the municipality and accompanied by

(b) an order for payment upon said Treasurer signed by the President of the municipality and the Village Clerk, which order shall state specifically the purpose for which said order is issued; and the President of the

Legal (continued)

municipality, the Village Clerk, and the Village Treasurer are each hereby authorized and directed to execute and deliver to the National Boulevard Bank of Chicago, as depository such certificates, proceedings, and agreements as may be necessary or convenient to establish said Construction Fund Account herein created and to properly secure all proceeds thereof, and to evidence compliance herewith in the making of any withdrawals therefrom.

Within the sixty (60) days after completion of the construction of the improvements and extensions herein authorized, the municipality agrees to deliver to said depository an original counterpart of a certificate (herein called the "Certificate of Completion") signed by the Village President and by the Village Treasurer, and having endorsed thereon the approval of the engineer in charge of such construction, stating that said improvements and extensions have been fully constructed and completed in accordance with the plans, maps, files and specifications therefor as recited in this ordinance, and that the same have been fully paid for, or that funds sufficient so to pay for the same remain in said Construction Fund Account, giving the date of final completion and the total cost of construction, and the amount, if any, of such construction cost then remaining unpaid, together with an original counterpart of the opinion of counsel for the municipality to the effect that all property, real, personal, and mixed, connected with or forming a part of, or necessary to the operation of said system as completed is owned by the municipality and covered by the lien of this ordinance, and upon receipt of such Certificate of Completion and opinion of counsel as mentioned, said depository, after retaining in said Construction Fund Account a sum sufficient to pay the balance of the construction cost remaining unpaid as shown by said Certificate of Completion, including any items then in controversy, shall deposit all moneys then remaining with the paying agent for said bonds, in the Bond and Interest Account herein created.

Section 16. The Village of New Lenox covenants and agrees that so long as any of the bonds herein authorized remain outstanding proper books and records and accounts will be kept by the Village of New Lenox separate and apart from all other records and accounts, showing correct and complete entries of all transactions of the sewerage system, and that the holders of any said bonds or any duly authorized agent or agents of such holders shall have the right at any and all reasonable times to inspect the records, accounts and audit relating thereto, and to inspect the system and all property comprising the system. Said Village further covenants and agrees that it will within sixty days following the close of each fiscal year cause an audit of such books and accounts to be made by an independent firm of certified public accountants, showing the receipts and disbursements for and on account of the system, and that such audit will be available for inspection by the holders of any of the bonds. Each such audit in addition to whatever matters may be thought proper by the accountant to be included therein, shall without limiting the generality of the foregoing, include the following:

(a) A statement in detail of the income and expenditures of the system for such fiscal year.
(b) A balance sheet as of the end of such fiscal year.
(c) The accountant's comment regarding the method in which the Village has carried out the requirements of this ordinance, and the accountant's recommendations for any changes or improvements in the operation of the system.
(d) A list of all the insurance policies in force at the end of the fiscal year, setting out as to each policy, the amount of the policy, the risks covered, the name of the insurer and the expiration date of the policy.
(e) The number of properties connected with the system at the end of the year.

All expense incurred in the making of the audit required in this section shall be regarded and paid as a maintenance and operation expense, and it is further covenanted and agreed that a copy of each such audit shall be furnished to the holder of any of the bonds at his request, and any holder of a bond or bonds authorized under this ordinance shall have the right to discuss with the accountant making the audit the contents of the audit and to ask for any additional information he may reasonably require.

Section 17. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this ordinance.

Section 18. The books of the Village Treasurer shall show the amount of moneys received from the proceeds of the sale of said bonds and the expenditure of such funds for the purpose set out in

this ordinance upon estimates and bills to be approved by the President and Board of Trustees, except as hereinafter otherwise provided.

Section 19. All ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this ordinance are to the extent of such conflict hereby repealed.

Section 20. That within ten days after its passage by the Board of Trustees and the approval by the President of the Village, this ordinance shall be published in the New Lenox Press, the same being a newspaper published in said Village and of general circulation within the Village of New Lenox and if no petition is filed with the Village Clerk of said Village within ten days after the publication of this ordinance, by fifteen per cent (15%) of the number of voters voting for President at the last preceding general election requesting the submission to the voters of said Village of the proposition of constructing a sewerage treatment plant and a sanitary sewer system and issuing the bonds herein provided for, then this ordinance shall be in full force and effect.

PASSED by the President and Board of Trustees of the Village of New Lenox on the 7th day of June, 1960 and deposited and filed in the office of the Village Clerk of said Village this 7th day of June, 1960.

Frankfort Splits Two Games In Wilco Fastball Circuit

COMING GAMES AT FRANKFORT

June 17 -- Monee - 7:30 p.m.
June 24 -- Tinley - 9:00 p.m.

Frankfort divided two bills in Wilco Fastball league play last week. It dropped a game to Matteson, 9 to 4 on June 7 and won from Steger, 16 to 1 last Friday night, June 10.

The Wilco loop plays kittenball and those games played at the Frankfort village park are under lights.

It was loose play that cost Frankfort its game with Matteson. Seven of the latter's nine runs were listed as unearned but of course they count just as much as the earned ones.

Matteson got only four hits but Frankfort bobbles made them all count for practically double. Frankfort wasn't doing very well at the plate either. In fact the Frankforts got only three hits, two of them -- a double and a triple -- by George Kratzenberg. Lach was the losing pitcher; M. Ziebell the winner.

In Friday night's contest against Steger Frankfort had its bats working, winding up with 10 hits. The Frankforts scored in every inning. Kratzenberg performed on the mound for the victors, and shut Steger off with but one hit. That one hit, incidentally, was a triple by the Steger shortstop, Rozak. He tried to stretch it to a home run but was out at the plate. It was a costly out, however, Bill Tuttle, the playing manager who catches for Frankfort, suffered a rib injury on the play that is expected to keep him sidelined for a couple of weeks.

Studnicki and Fredin hit homers for Frankfort. The victors got 13 men on base thru walks.

Legionnaires At Orland Win Opening Games

Orland Park American legion post #526 baseball team completes their first week of league play with victories over Chicago Heights and Thornton, Monday, June 6 at Carl Sandburg high school diamond.

Post #526 defeated Chicago Heights 6 to 2 behind the 7 hit pitching of Albert Swayne. Wednesday, June 8, they defeated Thornton with a score of 10 to 4 behind 4 hit pitching of Paul Schultz. This game was highlighted by Randy Cernick's 4 bagger in the fourth inning.

sioner Frank Guetter will be the guest speaker.

Prior to the parade the Pony League teams will play two games at 1 and 3 p.m. There will also be one Minor and two Major league games played after the ceremonies. The leagues are sponsored by the Orland Park Youth Association.

The Womens Auxiliary will have a refreshment stand at the park and will serve hot dogs, coffee, soda and candy. The stand will open at 12:30 p.m.

Winning team, Facinelli's Bakery, Karen Piersing, captain, Lynn Schroeder, Barbara Piersing, Ronald Drake, Elizabeth Madden and Pamela Hartung.

League No. 3: Perfect attendance, John Archer, Allen Walsh, Bert Florence. High average, John Davis, 147. John also had high game, 210, and high series, 388. His 210 was also high for those under 13.

Most improved bowler is Sheryl Owen.

Winning team was the VFW with Thomas Baldwin, captain, Don Anderson, Jon Davis, John Archer and Dick Archer.

The VFW team was high in the mailographic tournament.

A team made up of Barry Hodges, Allen Walsh, Dick Archer, Tom Hartung and Tom Baldwin was

declared city champions and members were presented with appropriate chevrons.

The Pepsi Cola Co. presented special trophies. One of them went to the VFW for a high team series of 1,507 and the VFW also won as consolidated league champs. Jon Davis came in for two of these special trophies for his high game and high three-game series.

Seeks First Win Of Year

Bernie Wilhelm, a perennial contender but thus far never a champion in United Auto Racing midjet circles, will be after his first feature victory of the season Saturday night at Joliet Memorial Stadium.

The Joliet speedster won his last main event just a year ago, on June 13, 1959. After a 1958 season in which he was a contender for the track title, he wound up winning only that one feature in '59.

Wilhelm, a 32 year old veteran of 10 years in midjets and stock cars, won a NASCAR title at Daytona Beach, Fla., early this year.

Two time champion Tony Lenti, off to a fine start with two 50-lap victories under his belt, and Bill Beam of Rockdale are the biggest stumbling blocks to Wilhelm, who can't seem to get around these two aces.

Others in the lineup Saturday night will include Ray Elliott of Lockport, whose new Swedish built Volvo hasn't finished in the money yet; Mel Kenyon of Davenport, Iowa, Leon (Jigger) Sirois of Shelby, Ind., Jack Tyne of Streator, Steve Orme of Sherman and Jolietans Bob Hauck, Russ Sweedler and Aaron Willis.

Time trials Saturday will start at 7:30 p.m. and the first race at 8:30 p.m.

Browsing Through The Cold Stove League

Does the fan have any obligation?

Many say that the only obligation is that he must pay the price of the ticket--unless he can find an easier and cheaper way to get into the contest. Some do find these ways. But usually the obligation as a fan is normally considered as discharged when the fee is paid.

However, this is much like every phase of our culture. When we have paid we think that we have then been more than considerate of the other persons, done a great service and by all means have taken care of all obligation. Not so!

The displays that Jim Piersall of the Cleveland Indians put on at Comiskey Park in Chicago was something to behold. It was unusual and rather prolonged. Of course, this writer feels that Jim was out of line and deserved the fine assessed him by the league.

But certainly the reaction of the Chicago fans was totally unexpected--in many ways. Much of professional athletics is a big business--kind of like a group of boys playing with their toys. Mr. Veck stormed about his fabulous "firecracker" (we thought that these were for the Fourth of July). No doubt, any circus entertainer would be concerned about his firecrackers.

The Chicago fans pelted Jimmie with various things, including that abominable beer can. Another trademark of the Veck forces. This is no tirade against the Veck syndicate in favor of Comiskey. As an after thought-- It is rather difficult to take your wife to a night ball game and be sure that she will not be at least embarrassed by some one who is floating in Veck's beer.

Boiling, etc. is part of the game, but throwing things is going too far. Jim has returned to baseball from a bout with "nervous break"--our "great American" fans will soon see to it that he returns. He has written a book entitled, FEAR STRIKES OUT. But for how long will this be true--that is it he continues to get the treatment initiated here in Chicago?

His wife is worried. She is scared, according to many newspaper reports. She ought to be.

There is a certain obligation to these men who play the game of baseball. The American fan has persuaded with various means, young men to go into the game. Thus when they arrive the fan is responsible. Any young man who has suffered in a mental

institution and come back should be given a chance to return to normal society and not sent by an insensitive mob who have paid for their ticket.

What we need is to see these fans perform for us. Would it not be nice to see them get out there and do some of the things that they so violently criticize. A person who has been in athletic competition is more understanding knowing just how easy it is to mis-judge. He expects plenty, but understands failure.

This is not a defense of the Cleveland outfielders reaction on the diamond. But he had to pay for this with a fine and other measures that the club took. It was a disgrace, considering that tremendous struggle that this young man has encountered, to throw things and set a precedent for the American League.

At the moment the Chicago fans small cluster of hard slinging beer can throwers must be considered even lower than the "bush leagues."

Big Inning Turns Trick For St. John

St. John's team cut loose with 12 runs in the first inning after two outs in its game with St. Mary's in the Mokena church softball league and later on added six more to score a 18 to 8 victory.

The game was played on the Mokena Community park diamond on Tuesday evening, June 7.

The Methodists beat the Lutherans 7 to 3 but no box score was turned in.

Score by Innings	
St. John's	12 0 0 3 3 0 - 18
St. Mary's	1 1 2 1 0 3 0 - 8

Orland Woman Injured When Cars Collide

Mrs. Ray Robson Sr. of Orland Park, her son Herbert Robson and daughter Debbie of Meadowdale were injured in an auto accident, Wednesday, June 8, on Route 83 and Butterfield road about 5:30 p.m. There was another car involved.

Planning to remodel?

KEEP YOUR KITCHEN AT LEAST 10 degrees COOLER

Modernize with a new built-in electric range

New electric built-ins bring new beauty, new smartness to your kitchen. Make cooking a lot cooler, too. The oven is insulated on all six sides. Surface units transfer heat directly into the pans--not around them. Your kitchen stays at least 10 degrees cooler and a lot cleaner.

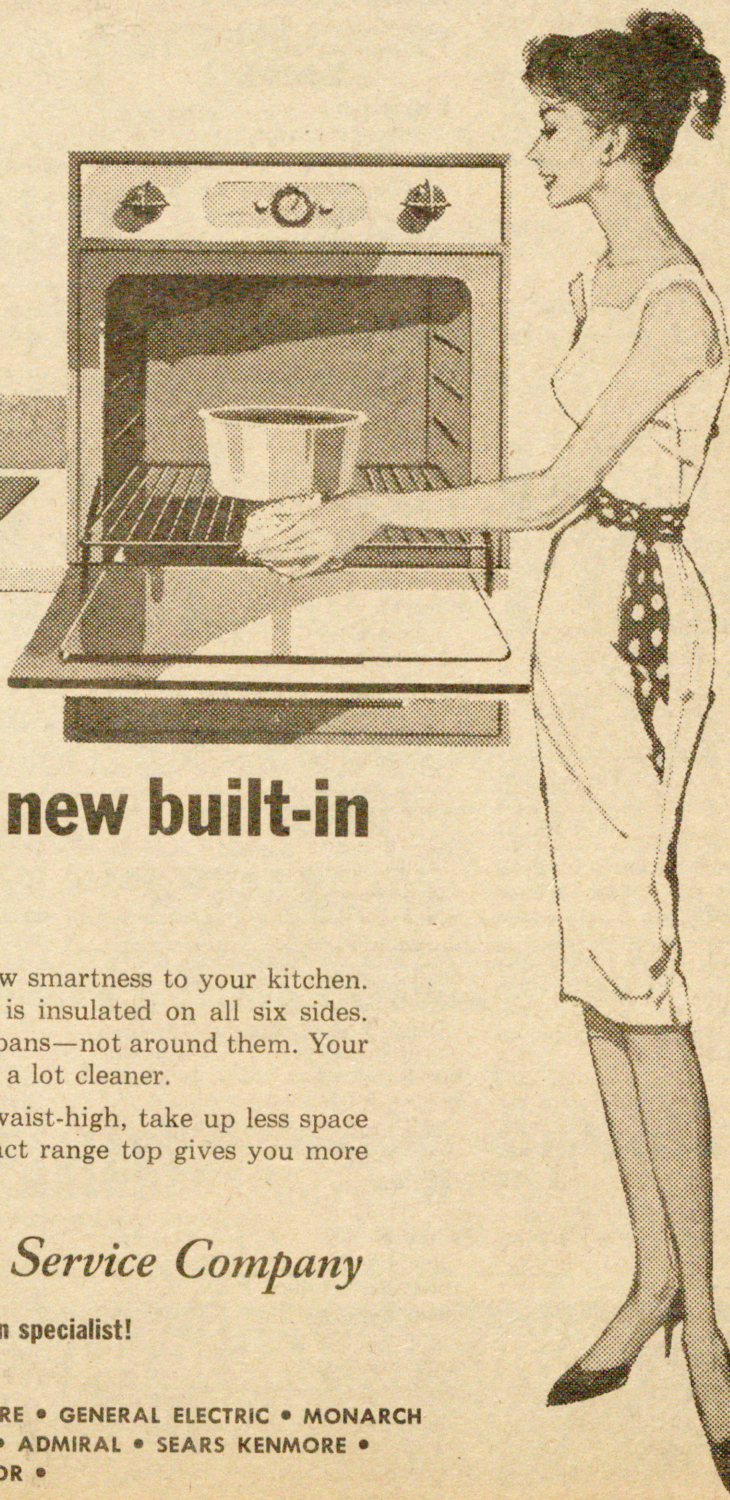

No stooping or bending. Electric ovens are waist-high, take up less space--because broiler is built into oven. Compact range top gives you more usable counter space.

2,730 Get Degrees U. Of I. To Have Graduation Saturday

University of Illinois will grant degrees to approximately 2,730 candidates from colleges on the Urbana-Champaign campus at commencement exercises Saturday, June 18.

The procession will form at 9:30 a.m. and proceed to Memorial Stadium for ceremonies beginning at 10. If weather interferes, two ceremonies will be held in Huff gymnasium, for half the graduates at 10 a.m. and the others at 2:30 p.m.

Among those listed as candidates for degrees are three from New Lenox, Wesley Haas, 129 Gum st.; John H. Huttenhoff, Paul L. Huttenhoff, both of 505 N. Cedar st.; one from Palos Park, Ned B. Wheeler, 8920 W. 125th; and one from Tinley Park, Ronald L. Russell. All receive degrees as bachelors of science.

Of the total 2,077 are candidates for bachelor's diplomas and 653 for advanced degrees, which will be conferred by President David D. Henry.

Commencement speaker will be Dr. James R. Killian, Jr., of Massachusetts Institute of Technology, noted scientist and former president of M.I.T. who served two years as President Eisen-

hower's special assistant for science and technology.

He will receive an honorary degree from the University as will Prof. Edward A. Doisy of St. Louis university and Prof. Vincent du Vigneaud of Cornell. Both are Illinois graduates, distinguished biochemists, and recipients of the Nobel prize.

Illini Achievement awards from the U. of I. Alumni Association will be presented to Herman C. Krannert, Indianapolis; Arnold O. Beckman, Altadena, Calif.; and Robert L. Latzer, St. Louis.

Krannert and Beckman founded companies and guided their growth into multi-million dollar operations. Krannert, a native of Chicago, is board chairman of Inland Container Corporation; Beckman, a native of Cullom, is president of Beckman Instruments.

Latzer, who was born in Highland, is board chairman, Pet Milk Company, and helped revolutionize an entire industry thru modernization of a family business.

Ceremonies at Urbana will bring to near 3,200 the total of June degrees from the University. At June 10 ceremonies in Chicago, 419 graduates from health sciences units will receive diplomas.
